The Rotary/Mattamy Greenway Half Day Bike Tour– Led by Parks Foundation Calgary (PFC), a not-for-profit that develops unique, recreational, sport and community-driven projects in Calgary. The tour takes place on the Rotary/Mattamy Greenway, a 138 km one-of-a-kind urban pathway system that will encircle the entire City of Calgary. Participants will bike and play their way to various sites along the tour including stops at the Edworthy Park Playspace and Fitness Park. They will have to kick it into high gear to reach the spectacular river valley viewpoints, perhaps test their skills and throw a disc at the Baker Park Disc Golf Park and if time permits, a chance to take in the sights of Bowness Park and lagoon. This tour will give participants the opportunity to view some of the most impressive river valley views, city pathways, and parks that Calgary has to offer.

* Please ensure you enjoy a healthy lunch prior to joining the tour. There will be an opportunity early-on to buy snacks to enjoy along the route. While this is a leisurely tour, be sure you are fit for a 3- 4 hour bike ride. In the event of inclement weather, alternate activities may be provided.
